#### City of Menlo Park Environmental Information Form for Preliminary Applications

The purpose of this worksheet is to obtain information regarding certain environmental aspects of a proposed housing project. Complete this form and attach it to the Preliminary Application Checklist for Housing Projects. This form does not replace environmental analysis that may be required under CEQA. Please include documentation supporting your answers.

Please indicate whether the project is located within any of the followir	ng:
A very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection. <u>https://osfm.fire.ca.gov/divisions/wildfire-prevention-planning- engineering/wildland-hazards-building-codes/fire-hazard-severity- zones-maps/</u>	Yes No_ <u>x_</u>
Wetlands, as defined in the United States Fish and Wildlife Service Manual. <u>https://www.fws.gov/policy/660fw2.html</u>	Yes <u>x</u> No
A hazardous waste site designated by the Department of Toxic Substances Control. https://dtsc.ca.gov/dtscs-cortese-list/	YesNo_X_
A special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency. <u>https://msc.fema.gov/portal/home</u>	Yes <u>X</u> No
A delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law, and by any local building department. <u>https://www.conservation.ca.gov/cgs/alquist-priolo</u>	Yes No <u>_x</u>

A stream or other resource that may be subject to a streambed alteration agreement pursuant to the Fish and Game Code.	Yes <u>x</u> No
https://www.wildlife.ca.gov/conservation/lsa	

\_\_\_\_\_

Please list any proposed point sources of air or water pollutants: \_\_\_\_\_\_

The buildings will have emergency generators but there are no other proposed point sources of air or water pollutants at this time

Please list any species of special concern known to inhabit the property:

Steelhead and California red legged frogs occur in San Francisquito Creek.

## COMMUNITY DEVELOPMENT DEPARTMENT PLANNING DIVISION

701 Laurel Street Menlo Park, CA 94025 phone: (650) 330-6702 fax: (650) 327-1653 planning@menlopark.org http://www.menlopark.org

## REQUEST FOR EVALUATION FOR POTENTIAL HISTORIC SIGNIFICANCE

A Request for Evaluation for Potential Historic Significance must be submitted concurrently with most applications for Planning Commission review (e.g., Use Permit, Variance). Please see a planner to verify whether or not your application requires this form. The purpose of this request is to determine if a formal historic evaluation will be required by the City of Menlo Park in order to conduct an environmental evaluation for potential historic significance under the California Environmental Quality Act (CEQA), either as an historical resource or as a contributor to an existing or proposed historic district. All qualifying applications must complete Part I, with Part II required when certain criteria are met.

#### PART I

#### 1. PROPERTY LOCATION:

80 Willow Road		
Street Address		
Menlo Park, CA	94025	062423040
City/State	Zip Code	Assessor Parcel No. (APN)

**2.** Is the proposed request related to a land development application (e.g. Use Permit, Subdivision Map or Rezoning) already submitted to the City?

<u>×</u> No <u>Yes, identify File Number (BLD or PLN # ): this form is being submitted with a new application</u>

#### 3. SAN MATEO COUNTY PROPERTY ASSESSMENT:

All applicants are required to submit a property assessment record (also known as "unit appraisal record") to document the age of the property. A copy may be obtained from the San Mateo County Assessor's Office (555 County Center, First Floor, Redwood City, CA 94063). At the front desk, ask for the Appraiser on duty. Most of their records have been scanned and readily printable, but there may be an occasion that a file will need to be retrieved, which may take a few days. If obtained by a representative of the property owner, said representative must present written permission by the owner to release the property appraisal record.

4. DATE OF CONSTRUCTION (based upon submitted property record):

1951

5. Is the property 50 years or older? <u>X</u>Yes No

Please note that the 50-year age reference is a discretionary guideline; there are circumstances where a property less than 50 years old may be potentially significant and applicants may be required to submit supplemental documentation.

If yes, applicants are required to submit Part II of this form, including photographs of each elevation of the subject property and any related outbuildings and/or associated features.

6. Has this property received any historic designation(s)? \_\_\_\_Yes X\_No

If yes, check the categories that apply and attach the nomination form or documentation related to its listing.

- \_\_\_\_ H (Historic) Site District of the City of Menlo Park
- San Mateo County Historical and Archaeological Resources
- \_\_\_\_ California Historical Landmark
- California Register of Historical Resources
- California Point of Historic Interest
- \_\_\_\_ National Register of Historic Places

#### 7. CONTACT:

Person to be contacted in regards to this application.

Oisín Heneghan	(_415) 279 0071
Print name of contact person	Phone
1000 Parrott Drive, Hillsborough, CA 94010	oisin@n17.dev
Mailing address of contact person	Email address

#### 8. SIGNATURE:

~ An

By signing this application, I hereby acknowledge that the information contained herein, or subsequently submitted, is true and correct to my knowledge.

Dant man	6/21/23
Signature of property owner	Date
Garrett Camporine, CEO, Willow Project LLC Print name of property owner	( <u>917)</u> 405 1625 Phone
Oisín Heneghan Print name of authorized representative (if different from pro	( <u>415) 279 0071</u> operty owner) Phone

Please see a planner for details on these and related requirements.

#### PART II

#### **IDENTIFICATION OF PROPERTIES FOR POTENTIAL HISTORIC SIGNIFICANCE**

If the property is 50 years or older and/or a designated historical resource, complete the following questions which will assist the Planning Division in making a preliminary determination whether the property potentially meets the threshold of significance according to the California Environmental Quality Act (CEQA). Properties that are eligible for listing in the California Register of Historical Resources must be given consideration in the CEQA process.

**1.** Have state historic resource inventory forms ever been completed for the property?

YesX_No	
If yes, attach a copy of the inver	ntory form.
2. PROPERTY TYPE: (check of	ne) Residential, <u>X</u> Commercial, Industrial,
	Religious,
	Other
3. NAME OF ARCHITECT OR I	BUILDER (if known):
Cliff May with landscape design	s by Thomas Church
4. ARCHITECTURAL STYLE:	
Modern, Ranch Style	
5. NUMBER OF STORIES: X	One,Two, Three, over Three
6. PRINCIPAL BUILDING MAT	ERIALS:
	Roof Shingle
I	Exterior walls Stucco and wood siding
I	Foundation Slab
7. ROOF TYPE: X Hip, X	Front/side/cross gable,Flat,Shed,Gambrel
8. List any outbuildings and ass construction (i.e. garage, shed,	ociated features located on the property, and their dates of architect-designed landscape):
Landscape designs by Thomas	Church

**9**. Has the property and/or associated feature(s) ever been altered or moved? X Yes \_\_\_\_No

If yes, summarize the history of any physical changes to the property, including significant alteration dates. From what location was the structure moved?

Landscapes were partially redesigned circa 2017. The interiors have been renovated

numerous times to accommodate updated kitchens and workspaces, most recently in 2019.

For questions 10 - 13 below, **<u>ATTACH AN EXPLANATION</u>** why each criterion does or does not apply to the property. Consult National Register Bulletin 15 for assistance. The publication is available online at:

http://www.cr.nps.gov/nr/publications/bulletins/pdfs/nrb15.pdf

**10**. Does the property have any known association with events that have made a significant contribution to the broad patterns of local or regional history, or the cultural heritage of California or the United States?

#### <u>X</u>Yes <u>No</u> (<u>attach explanation</u>)

**11.** Does the property have any known association with the lives of persons important to local, California, or national history?

#### X Yes No (attach explanation)

**12.** Does the property retain distinctive characteristics of a type, period, region, or construction method, or represent the work of a master or possess high artistic values?

#### <u>X</u>Yes <u>No</u> (<u>attach explanation</u>)

**13.** Has the property yielded or does it have the potential to yield information important to the prehistory or history of the local area, California or the nation?

#### \_\_\_Yes X\_\_No (attach explanation)

#### 14. PHOTOGRAPHS:

Attach a minimum of four (4) color photographs clearly depicting each elevation of the property. Photographs should be presented at a minimum 4" x 6" size, on letter-size sheets. The photographs should depict entire elevations of the structure(s). Additional photographs of details such as windows or doors are helpful to understand construction methods or distinctive characteristics of the structure. Any related outbuildings and/or associated features require additional photographs.

#### POTENTIAL INFORMATION SOURCES

Applicants are encouraged to consult the following information sources, although this should not necessarily be considered a comprehensive list; depending on the site, other sources may also need to be reviewed.

- State Historic Resources Database (<u>http://ohp.parks.ca.gov/ListedResources/?view=county</u>)
- Menlo Park Historical Association (<u>https://sites.google.com/site/mphistorical/</u>)
- San Mateo County Historical Museum (http://www.historysmc.org/)
- Menlo Park Library
- Internet searches
- Previous occupants/property owners, particularly persons who have occupied the site for a long time

Please note that organizations like the Menlo Park Historical Association do not make formal determinations of historical significance, but they can help applicants search files for information that may be of relevance.

Less: Exemption	\$0	\$0	\$0
NET TAXABLE VALUE	\$8,489,663	\$7,700,000	\$-789,663

This reduction is based on the following facts: Review of Market Data indicates that the Fair Market Value (FMV) as of 3/1/93 is lower than the Factored Base Year Value (FBYV). Taxable value will be reviewed annually on March 1st and the lower of the FMV or the FBYV will be enrolled per R&T Code 51(b).

I hereby agree to the stipulated taxable values above:

MARKET APPROACH VALUE CONCLUSION: The value ranges from \$131.08 to \$226.98 per square foot for comparable properties.

70 Willow Road (Shell only) Property Indication Value: \$150.00 x 12,930 s.f. = \$1,939,500

75 Willow Road Property Indication Value: \$210.00 x 35,706 s.f. = \$7,498,000

80 Willow Road Property Indication Value: \$195.00 x 40,204 s.f. = \$7,840,000

85 Willow Road Property Indication Value: \$195.00 x 29,310 s.f. = \$5,715,000

SUBJECT PROPERTY VALUE CONCLUSION:

The Total Property Value Indicated for all four properties using the Income and Market approaches to value, ranges from \$22,848,000 to \$22,992,500.

INCOME APPROACH: \$22,848,000

MARKET APPROACH: \$22,992,500

The Income Approach and the Market Approach were used as the most reliable approaches because comparable properties are income producing property similar to the subject property. They have either sold recently or have more current leases than the subject property. Current and recent leases of the subject property were also considered to be in the same range as the comparables.

TOTAL PROPERTY VALUE INDICATED: \$22,900,000

(Page 14 of 64)

TAX DESCRIPTION OF TAX DESCRIPTO

CONCLUSION: Total Property Value Indicated is \$22,900,000 versus the 1993 Roll Value of \$26,439,993. The Base Year Value plus inflation factor exceeds the current Market Value for the Subject Property. Therefore, a reduction is indicated for the 1993-94 Assessment Roll Recommendation: Change to the 1993-94 Assessment Roll to \$22,900,000.

Part II: Identification of Properties For Potential Historic Significance

### REQUEST FOR EVALUATION FOR POTENTIAL HISTORIC SIGNIFICANCE

Addendum

80 Willow Road, Menlo Park CA Parcel No.(APN): 062423040, Block 3, Lot 40 Prepared by Alexandra Kirby of Kirby Preservation & Planning, SOI qualified Architectural Historian

Question 10. Does the property have any known association with events that have made a significant contribution to the broad patterns of local or regional history, or the cultural heritage of California or the United States?

80 Willow Road was constructed in 1951 to be the headquarters of *Sunset Magazine*, which occupied the property until 2015.

Sunset Magazine was founded in 1898 as a promotional magazine for the Southern Pacific Railroad. It became a leading lifestyle and cultural publication in the postwar era when it pivoted to highlighting the allure of the West through the popularization of the California dream and the concept of indoor-outdoor living. After decades in various San Francisco offices, the Lane Publishing Company (1932 – 1989) purchased seven acres in Menlo Park to establish a *Sunset Magazine* headquarters that would come to be known as the "laboratory for Western living," at it was the home of the *Sunset Magazine* test kitchens and gardens.

Sunset Magazine has made significant contributions to the local and regional history, as well as the cultural heritage of California and the United States following World War II. Therefore, the property is significant under Criterion 1 (Events).

Question 11. Does the property have any known association with the lives of persons important to local, California, or national history?

While the building is associated with notable editors, writers and other contributors to the magazine, the site is not representative of their contributions.

## Question 12. Does the property retain distinctive characteristics of a type, period, region, or construction method, or represent the work of a master or possess high artistic values?

80 Willow Road was constructed in 1951 by architect Clifford ("Cliff") May (1906 – 1989) for the owner of *Sunset Magazine*, Lawrence W. Lane, the founder of Lane Publishing Company. Sited on former agricultural land that was once part of a land grant to Don José Arguello and later the Catholic University of Menlo Park (now St. Patrick's Seminary), the building was designed in Cliff May's signature "Ranch

Style" with influences of the early California history of the site such as the stucco-clad adobe-like exteriors and rustic interior design. The building was the first commercial design by the architect.

Landscape architect Thomas Church (1902 – 1978) collaborated with Cliff May to create the first iteration of the *Sunset Magazine* Test Gardens, which were designed to emulate California's climates from the arid high desert to the cool costal climes of the Pacific Northwest.

The property at 80 Willow Road is significant under Criterion 3 (Architecture) for its associations with architect Cliff May and landscape designer Thomas Church as well as a unique commercial example of the Ranch House Style.

# Question 13. Has the property yielded or does it have the potential to yield information important to the prehistory or history of the local area, California or the nation?

The property is adjacent to San Francisquito Creek. A Native American archaeological site was informally recorded on the property at some point in the last few decades, making it potentially sensitive for archaeological resources.

To ensure that the project does not affect archaeological resources as defined in the CEQA Guidelines (§15064.5), N17 Development has engaged A/HC to prepare an archaeological survey report for the project during the planning process. The report will include a record search at the Northwest Information Center, intensive archaeological survey, geoarchaeological sensitivity assessment, historicera archaeological sensitivity assessment, and recommendations for further study (if needed). Record search results will be appended to the report.

Oisín Heneghan N17 LLC

June 19, 2023

#### RE: Archaeological Słudy of 80 Willow Road, Menlo Park

Mr. Heneghan,

This letter is to confirm that Archaeological/Historical Consultants (A/HC) has been engaged as the cultural resources consultant for N17 Development's proposed project at 80 Willow Road in Menlo Park, where a new multi-story mixed-use development including two levels of underground parking is proposed. The property is adjacent to San Francisquito Creek. A Native American archaeological site was informally recorded on the property at some point in the last few decades, making it potentially sensitive for archaeological resources.

To ensure that the project does not affect archaeological resources as defined in the CEQA Guidelines (§15064.5), N17 Development has engaged A/HC to prepare an archaeological survey report for the project during the planning process. The report will include a record search at the Northwest Information Center, intensive archaeological survey, geoarchaeological sensitivity assessment, historic-era archaeological sensitivity assessment, and recommendations for further study (if needed). Record search results will be appended to the report.

Yours truly,

Daniel Ship
