Hello Don,

Happy Wednesday! ☐ Hope you are doing great!

It was an absolute pleasure meeting with you at AASA last week. Thank you for taking time out of your busy schedules. I truly enjoyed our conversation — it's always inspiring to connect with leaders who care so deeply about students. I hope you found the overview of Thrively valuable.

I've included a few resources below that provide additional insight:

1. [Humanizing learning](#) – How Thrively helps create strengths-based, joyful, and hopeful learning environments where every student thrives
2. **Portrait of a Learner** – Tracking students' learning journeys, K–12
3. **Culture of Care** – How we foster a culture where staff feel celebrated, supported, and hopeful

It's time to reimagine schools and equip students with **theself-identity, skills, and habits** they need to thrive in an AI-driven world. It would be an incredible opportunity to partner with leaders like you to help lead this work together.

Looking forward to hearing from you on next steps.

Best Regards,

Girish

We have already coordinated with the school site and contractor for a beam to be accessible for student signatures on Tuesday and Wednesday and the PE classes will cycle through and sign the beam so all students will be able to contribute. Then Thursday we will have dignitary signatures and then lift the final beam into place.

This will be one of the final steel members in the main building.

We will follow with lunch provided by swinerton for those that want to stay for lunch.

Please let me know who can attend.

Subject: Loose Ends

Team,

I know things are a little hard to follow right now. I wanted to clarify a few things so we are all on the same page.

As the Superintendent Emeritus, a few things are important. First, I need to maintain my PAUSD email address and access through June 30. I can explain that to anyone if necessary through a call. I can, and should, be removed from all groups. This includes principals, Leadership, board, and stuff like that.

My agreement specifies that I still have reimbursable expenses. That means I can hold the credit card, including anything automatically charged through June 30. I don't think anyone needs to worry about me going nuts on that one.

If you assign a bounceback message, please make sure it includes my new title through June 30. I am still performing for the district and this is an essential piece. If you want, the message can include directing daily operations and concerns to Trent / Vicky. I report directly to the board president. I can also be removed from Let's Talk. I should have a mention on the website on the board page. No picture... just my name and new title with no email link. If it doesn't go with the board, it needs to go somewhere that is not hidden and makes sense. Again, this is important. I will call Trent to explain.

Things will come up. As they do, don't be afraid to call.

Don

No worries. Here you go.

This email is a courtesy reminder that your Annual Form 700 Statement is due by **Wednesday, April 1, 2026 at 11:59 p.m.** to be considered timely filed. Your filing official may have requested you submit your Annual Form 700 prior to that date to help ensure that you file on time.

You are receiving this email because your Annual Form 700 is not yet on file in eDisclosure. Please note that if you submitted your Annual Form 700 on paper this year, it may not have been uploaded to eDisclosure yet. Once the County Clerk of the Board's office receives completed paper Form 700s from the filing officials, the Clerk of the Board's office will process the paper Form 700 into eDisclosure.

The Office of the Clerk of the Board strongly encourages filers to use eDisclosure to e-file their Form 700s.

- Want to make sure you file on time? eDisclosure is the only way to receive an instant email confirmation of Form 700 filing completion.
- Serve in multiple (non-City) positions within Santa Clara County? eDisclosure offers an easy way to see what filings may be pending and e-file simultaneously for multiple positions.
- Have a lot to report each year? eDisclosure will save your data and allow you to copy over data that is still relevant to your next filing.

Access eDisclosure at:

<https://www.southtechhosting.com/SantaClara/eDisclosure/>

Please note: Failure to file will result in a referral to the Fair Political Practices Commission, the State agency that enforces Form 700 filing, which may impose a civil penalty up to \$5,000.

If you have already submitted your Annual Form 700(s) in paper form to your filing official(s) for this year, no additional action is required at this time.

Subject: State Superintendent Tony Thurmond Announces 2026 California Distinguished Schools

FOR IMMEDIATE RELEASE

REL#26-12

Tuesday, March 10, 2026

Contact: communications@cde.ca.gov

State Superintendent Tony Thurmond Announces 2026 California Distinguished Schools

SACRAMENTO—State Superintendent of Public Instruction Tony Thurmond today announced that 408 middle schools and high schools have been selected for the prestigious 2026 California Distinguished Schools Program, California's school recognition program that recognizes exceptional schools that distinguish themselves on the basis of exemplary student outcomes.

Since its inception in 1985, the California Distinguished Schools Award remains one of the state's most important ways to celebrate exceptional schools, districts, teachers, and classified employees for their innovation, talent, and success in supporting students. The 2026 California Distinguished Schools, along with 2025 California Blue Ribbon Schools, 2026 Green Achievers, 2026 Exemplary Dual Enrollment Award Schools, and 2025 Civic Learning Awards of Excellence will be recognized at the Disneyland Hotel in Anaheim on April 24, 2026.

"It is my pleasure to honor and recognize these 408 schools for their efforts to move the needle for student achievement, no matter what," Superintendent Thurmond said. "An excellent public education has the power to transform lives, and I commend the educators and school communities who have dedicated themselves to producing exemplary results. This year's California Distinguished Schools represent the hard work of our middle and high school educators and school staff, who provide our secondary students with life-changing educational opportunities."

The 2026 California Distinguished Schools recognition program aims to recognize exemplary instructional programs throughout California public schools, the largest public school system in the United States.

This year's award categories build on long-standing recognition of the following two categories:

- 1) Exemplary High Achievers:** Schools that are among the highest in the state in academic achievement for all students, which have also ensured that historically underserved student groups are maintaining or increasing academic progress.
- 2) Achievement Gap Closers:** Schools that are accelerating academic progress for two or more groups that have been historically underserved, while also demonstrating achievement for all students that is above the state median and maintaining or increasing academic performance for all students.

This year, California Distinguished Schools added a third category of recognition:

- 3) Beacons of Opportunity:** Schools serving rural and Title 1 school communities that distinguish themselves through multiple student outcomes at very high performance levels.

For years in which middle schools and high schools are eligible, the outcomes considered include graduation rates as well as rates of college and career readiness.

Eligibility for all categories is determined by metrics generated through the California statewide accountability system for public schools, the California School Dashboard. The 2026 California Distinguished Schools were determined using data from the 2025 California School Dashboard.

In keeping with statewide standards for accountability, schools must have at least 95 percent participation in statewide

assessments to qualify for Distinguished School recognition. Schools may not earn recognition as a California Distinguished School if they have concerning school climate indicators, such as very high suspension or chronic absenteeism.

Schools need not apply for California Distinguished Schools, as every school's data is automatically considered in alternating years. To further clarify, elementary schools and kindergarten through eighth-grade schools were considered in 2025 and will next be considered in 2027. Middle schools and high schools are being considered in 2026 and will next be considered in 2028. Schools motivated to achieve this statewide distinction are encouraged to set annual schoolwide goals aligned to their progress and areas of growth on the Dashboard.

Information regarding the 2025 Dashboard is provided on the [CDE California School Dashboard and System of Support web page](#).

The list of 408 schools for 2026 is below, **listed by county, with the district or charter authorizer name first and the school name second**. For more information, please visit the [CDE California Distinguished Schools Program web page](#).

Subject: Fiscal Year 2025–26 ASES Universal Round 2 Initial Intent to Award

Dear Applicants for the After School Education and Safety (ASES) Universal Program:

The Expanded Learning Division (EXLD) is pleased to announce the posting of the Initial Intent to Award (ITA) for the ASES Program located on the California Department of Education (CDE) web page at [Funding Results: After School Education and Safety \(CA Dept of Education\)](#).

The ITA list shows only new funding awarded for the ASES Universal 2025–26 Round 2 Request for Application (RFA)—**This posting is only for newly funded sites or sites that requested an increase through the RFA process for Fiscal Year 2025–26. Current ASES grantees and grantees that were up for renewal on Cycle B will not appear on this funding list.**

These grant awards are made contingent on the allocation of state funds to the State of California.

Applicants may appeal the email disqualification notification or the ITA decision. Appeals are limited to the grounds that the CDE failed to correctly apply the standards for reviewing the applications as specified in this RFA. The appellant must file a full and complete written appeal, including the issue(s) in dispute, the basis for the appeal position, and the remedy sought. The appeal letter must have an original Authorized Signature(s) as defined in the RFA.

The applicant must submit an electronic copy of the letter of appeal to the EXLD by email at aexpandedlearning@cde.ca.gov and include the agency name, the After School Support and Information System (ASSIST) generated application identification number, and “**ASES Universal Round 2 RFA Appeal**” on the subject line of the email submission.

All signatures must be original. Appeals that are submitted with signature stamps, electronic stamps, or any form of reproduced stamps will not be considered. Appeals must be received by the CDE within 10 calendar days of the CDE’s email disqualification notification of the ITA decision.

The Director of the EXLD will make the final decision in writing within two weeks from the date that appeals are due to the CDE. That decision will be emailed to the appellant and shall be the final administrative action afforded to the appeal.

Please note: The ITA list may change after the grant award appeal period is complete. The final awards will be posted on the CDE website when all data is verified and appeals are decided.

Congratulations to all awardees and best wishes for your program in 2025–26!

If your program needs any support, please contact your System of Support for Expanded Learning contact located on the CDE’s website at <https://www.cde.ca.gov/ls/ex/sosexplearncontacts.asp>.

Subject: Invitation: Green Ribbon Schools Statewide Meeting ĩ½ March 12, 2026

You are invited to attend the **CAELI Green Ribbon Statewide Meeting on Thursday, March 12, 2026, from 3:30-4:30 PM**

This statewide network gathering is open to anyone interested in the **California Green Ribbon Schools (CA-GRS) program**. The meeting provides an opportunity to connect with colleagues across the state, highlight and celebrate ongoing progress, and share strategies that support sustainability and environmental literacy within school communities.

Please register using **[this registration link](#)**, and feel free to share the invitation with others who may be interested in participating.

We look forward to your participation and to the valuable perspectives you bring to this growing community.

You are currently subscribed to green-ribbon as: daustin@pausd.org.

Dear Don Austin,
I hope you are doing well.

My name is [REDACTED] and I am a staff writer for The Campanile (<https://thecampanile.org>), Palo Alto High School's student-led newspaper.

I am currently writing a story about the search for a permanent superintendent while Trent Badursingh acts as the temporary superintendent for now.

As you were the previous superintendent for 8 years, I believe that you have a lot of firsthand experience that can be valuable in providing accurate information.

I was wondering if you would be interested in a quick zoom call to talk about how the process for choosing a superintendent works and other insights that you have.

I would prefer to have this interview before 3/19, but I am open to doing it slightly later as well.

Thank you for your consideration, and please message me if you have any questions or concerns.

Best,
[REDACTED]

Subject: Certification Progress for 01-119707 (Henry M. Gunn High School)

Hello,

I have been holding this open rather than filing a 301-P form to close the project without certification because we had only a few forms remaining on this project. What we are seeking is the 108 form to transfer the Geotechnical Engineer responsibilities to Erin Steiner, from Mary Ruffatto. We have the 109 form, but that should properly be filed by someone with the project into the Laboratory Folder access in DSABox.

I am writing to tell you that I'll have to file a 301-P form, if these forms cannot be filed by early Monday the 1st, as I have held this for over a month past the deadline. Please let me know if you're unable to do this, or if there are other questions.

Thank you for your patience,
